Report of Fire Warden and Fire Chief

The proper procedure in the Town of Greenwood to report a fire is to dial "O" or Operator. On minor fires such as normal chimney fires the Greenwood Fire Department is called first. The Town donates to the Town of Bethel for services which insures that they will come when called at a reduced rate. If they are called by unauthorized individuals it is an unnecessary cost to the town. All towns in the State of Maine at some time or other have to rely on neighboring towns for assistance. Some counties have mutual aid agreements between towns and in the future I hope this will be possible in Greenwood.

The men in the Fire Department deserve a great deal of credit for the many hours of donated labor. It has been a pleasure to work with men who are this interested in the department and the welfare of the town as a whole.

This year we have had one trailer fire, one house fire, one chimney fire and one forest fire. The forest fire was discovered in the very early stages and this saved much damage to a summer resort.

Below is a list of payments made by the Volunteer Fire Department to benefit the town:

OXFORD COUNTY MENTAL HEALTH SERVICES

Annual Report for the Year 1970

During the year 1970, a goal of Oxford County Mental Health Services was to become more community-oriented by working closer with clergy, schools, law enforcement, physicians, social workers and other agencies.

The primary objectives of Oxford County Mental Health Service is to provide a comprehensive mental health program which meets the needs of children, adolescents and adults who have a wide range of personal and social adjustment problems. Additional goals are to promote understanding and prevention of mental illness in our community through public education and research.

At the Mental Health Clinics located in Stephens Memorial Hospital and Rumford Community Hospital, 389 persons or families were seen for a total of 1,706 interviews. Those persons counseled at the Clinic were seen for an average of 4.4 interviews per person. Approximately forty percent (40%) of the people treated at the Clinics were under the age of twenty.

Appreciation is expressed to the towns in our area for their continued support of the Mental Health Program and for the commitment shown for improving the lives of the people in our community.

ANNUAL REPORT OF
PUBLIC HEALTH NURSING SERVICES
IN GREENWOOD IN THE YEAR 1970

Community health programs are designed to provide services for and meet the needs of all members of the community. Public health nursing services in the community provide for health supervision of premature infants, referrals and implementation of medical recommendations, communicable disease prevention and follow up and general health supervision.

The public health nurse made eighty-six visits to or in behalf of patients and their families and one new case was admitted to nursing services.

The number of children who received examinations and immunizations at Child Health Conferences and School Clinics is shown in the following table. It should be noted a school nurse was appointed in 1970, therefore school examinations and immunizations done after June will not be documented in this report.

A new school pre-registration was initiated in S.A.D. #44. A team consisting of school faculty members, the school nurse, and the public health nurse devised a program of comprehensive evaluation to determine each child's readiness to perform in the school situation. Evaluation was made on vision, hearing and motor skills to rule out possible physical problems that might hinder the learning ability and reaction to standardized activities were evaluated to determine social-emotional development that might influence the adjustment of the child in the school situation. Conferences were held with each child's parents to discuss the results of these evaluations.

As part of the school health service program eleven students had vision retests, of these, two were referred for more extensive examination.

Appreciation is expressed to the physician, town officials, school personnel, volunteer workers, local organizations, and all others who have assisted in the public health nursing program.

ANDROSCOGGIN HOME HEALTH SERVICES, INC.

January 20, 1971

Board of Selectmen
Town of Greenwood
Greenwood, Maine

Dear Sirs:

In 1970, The Androscoggin Home Health Services, Incorporated, provided 18,925 visits to 822 patients in the tri-county area of Androscoggin, Oxford, and Franklin which it serves. The home health care visits were, in the main, performed by professional nursing and therapists under physicians' orders.

Incorporated in 1966, operative since early 1967, the Androscoggin Home Health Services is private and non-profit. It is the only Social Security Administration certified home health agency in the region. Services provided are dependent on available resources and manpower. Services provided are nursing, physical therapy, speech therapy, home health aides. All services are provided under the direction of and in conjunction with each patient's private physician. The majority of these services, are provided to, but not limited to, people aged 65 and over.

A prime goal of home health services is to enable patients who are in need of regular part-time professional care to receive it at home when it can be appropriately administered there. For some patients the availability of this service enables them to return home from an institution sooner than might otherwise be possible. Thus there may be psychological as well as economic benefits for the patient, and for the institution, needed beds may be freed for those who are more acutely ill.

Among the programs which provide coverage for the cost of home health care are: Medicare, Medicaid, major medical insurance, and Old Age Assistance. Also provid-

ing financial assistance to selected patients are such programs as those offered by the Veterans Administration, the Division of Vocational Rehabilitation, the Multiple Sclerosis Society, and Blue Alliance. For persons who are not completely covered, or who are only partially covered, the agency charges a fee which is based on individual ability to pay. Our ability to maintain this policy is insured, in part by the financial support which has been made available to us in 1970 by the citizens of your community.

1971 is to be a hard year financially, as citizens feel the full impact of the stricter interpretation of the Medicare law, drastically limiting or disallowing services previously covered. The need for health service is real and necessary. The physician orders the service, therefore it is a service that must be performed, and will not 'disappear' because of the Medicare limitations. Resources must be realigned to continue the same level of service. The Agency earnestly solicits your support of our 1971 funding request, to enable us to provide as broad a program, and as much service as our resources will permit. On behalf of the Agency I express our appreciation for the gracious support of the Citizens of Greenwood during 1970.

Sincerely,

CHARLES F. BEGERT
Executive Director

TOWN MEETING ELM

Turn back in history a little more than one hundred fifty years to the time our town was organized — 1816.

The first settlers were on Patch Mountain. Picture their cabins far up, standing in clearings, about them dense forests reaching to the valleys.

Here, too, was the first county road of Greenwood, leading over Patch Mountain down by Sanborn's Mill, by the Ames Place, through the Irish Neighborhood, and on to Bethel.

On one side of the road was Sanborn's house and on the other stood Town Meeting Elm, so called because here gathered the pioneers for their first town meeting.

In this picturesque setting still standing round-topped vase-like, drooping branches; although some are dying, is Town Meeting Elm today. It stands among towering hills where forests stretch to the humped profiles of Patch, Round, Long, Overset and other mountains.

REPORT OF AUDITOR

C. R. WOODMAN

Public Accountant

February 3, 1971

Board of Selectmen
Greenwood, Maine

Gentlemen:

In accordance with the provisions of Title 30, Section 5253 Revised Statutes of 1964, and at your request, the financial records of the Town of Greenwood have been audited for the municipal year ended December 31, 1970.

As required by statute, one copy of this report together with the audit procedural form prescribed by the state auditor for governmental audits in accordance with statutory requirement have been forwarded to the State Department of Audit.

The examination was in the form of a limited general audit and performed in accordance with standards established by the State Department of Audit and by the National Committee on Governmental Accounting. Audit analysis was on a basis consistent with the preceding year and included all procedures considered necessary.

Insofar as could be ascertained within the scope of the examination, the financial affairs of the town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules together with the accompanying comments present the result of the financial operations of the town for the period designated.

All of which is respectfully submitted.

C. R. WOODMAN

Public Accountant

COMMENTS

TOWN OF GREENWOOD

January 1, 1970 to December 31, 1970

An audit of the financial records maintained by the various officers of the Town of Greenwood has been completed for the municipal year ended December 31, 1970.

The examination included a review of cash transactions and an analysis of available funds and expenditures. The results are incorporated in the following comments, exhibits and supporting schedules.

An analysis of the results of the year's operations showed that net balances credited to unappropriated surplus amounted to \$9,672.29, per the following summary.

| | |
|-------------------------|-------------|
| Departmental Balances: | |
| Unexpended | \$13,087.08 |
| Overdrafts | (3,414.79) |
| | <hr/> |
| Net balances to surplus | 9,672.29 |

The principal factor contributing to net balances lapsed to general fund surplus was a balance of \$5,609.19 in the overlay account and an unexpended balance in excise tax receipts of \$6,552.28.

ASSETS . . . The general fund cash balance of \$8,144.78 was reconciled with a statement furnished by Casco Bank and Trust Co., Bethel, Maine.

Accounts receivable of \$6,484.94 consisted principally of balances due from government agencies for storm damage and town road improvement expenditures.

Taxes receivable of \$14,227.83 represented the uncollected balance of the 1970 commitment of \$14,154.58 and a balance of \$73.25 from prior years.

Tax liens amounted to \$1,370.33 at the year end, and included both mature and 1969 tax liens.

LIABILITIES Notes payable, reflected on the balance sheet under Debt Fund, amounted to \$10,000.00 at the year end. In addition, a balance of \$10,000.00 of tax anticipation notes were carried forward from 1969 and remained unpaid at the year end.

SURPLUS Appropriations account balances carried forward to the ensuing year amounted to \$5,318.61, and represented departmental balances carried forward at the direction of the Selectmen.

The unappropriated surplus amounted to \$14,957.17 at the year end, an increase of \$8,355.46 for the period. This increase was occasioned principally by net departmental balances lapsed to surplus amounting to \$9,072.29.

Included in this report are exhibits and schedules pertaining to the financial status of the town. Audit procedures were utilized to the extent deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the town at December 31, 1970, and the result of its operations for the year then ended.

A MODEL DOG CONTROL ORDINANCE

1. **Dogs to be licensed in accordance with the statutes of the State of Maine.** No dog shall be kept within the limits of the Town of Greenwood, County of Oxford, State of Maine, unless such dog shall have been licensed by its owner in accordance with the statutes of the State of Maine.

“Owner” shall be intended to mean any person or persons, firm, association or corporation owning, keeping or harboring a dog.

2. **Dogs not to be permitted to run at large.** It shall be unlawful for the owner of any dog, licensed or unlicensed, to permit such dog to run at large.

“At Large” shall be intended to mean off the premises of the owner and not under the control of any person by means of a chain, rope, or cord of sufficient strength to control the action of such dog (or such other personal presence and attention as will reasonably control the conduct of such dog).

3. **Duties of Police Officers and person having control of impounding.** Any police officer within the Town of Greenwood, shall seize, impound or restrain any dog kept in violation of Section 1, and any dog running at large, and deliver such dog to the person who is duly authorized to have control of impounding. If the owner of such dog is known or can be located with reasonable diligence, then the person who has control of impounding shall personally notify the owner within three days of the receipt of such dog. If the owner of such dog is not known and cannot be located with reasonable diligence, then the person who has control of impounding shall post, within forty-eight hours of the time such person shall have taken such dog into his possession, written notices in three public places in the municipality, giving a description of the dog, stating where it is impounded and the conditions for its release. If the owner within seven days after receiving notice, or within seven days after notice has been posted, does not claim such dog, then the person having control of impounding shall dispose of the dog by sale or otherwise, in a proper and humane manner.

The person having control of impounding shall keep a record of every dog disposed of by sale or otherwise. Such

record shall include (a) a description which identifies the dog with reasonable certainty (b) the manner of disposing of the dog, and (c) if the dog was transferred to another person, the name and address of the transferee. In addition, the transferee must sign a statement giving his name, address, and the date of delivery or receipt of the dog.

4. **Conditions of release.** Section 2, provides that the person giving notice shall with such notice give the conditions for the release of the impounded dog. Before such dog may be transferred to another person, (a) such dog shall be vaccinated with anti-rabies vaccine, or the transferee will show proof of vaccination within the previous year (b) such dog must be licensed in accordance with the statutes of the State of Maine, and (c) the transferee shall pay to the municipal treasurer the sum of \$5.00, the sum of (actual cost) for vaccination, and the sum of (actual cost) per day for each day, or part thereof, the dog has been impounded.

5. **Penalties.** Instead of seizing and impounding the dog, the Town of Greenwood, may prosecute the owner of any dog running at large, and any person upon conviction thereof shall be fined not less than \$10.00 nor more than \$20.00, plus the costs of prosecution.

6. **Vaccination.** It shall be unlawful for the owner of any dog older than four months, less one day, to keep, maintain, or permit to run at large, such dog, unless it has been vaccinated by veterinary surgeon with anti-rabies vaccine, within one year preceding the date on which such dog is kept, maintained or permitted to run at large. Any person found violating this provision shall be fined not less than \$10.00, nor more than \$20.00 plus costs of prosecution.

7. **Repeal of conflicting ordinances.** All existing ordinances of the Town of Greenwood are hereby repealed insofar as they may be inconsistent with the provisions of this ordinance.

8. **Separability of provisions.** It is the intention of the municipality that each separate provision of this ordinance shall be deemed independent of all other provisions herein, and it is further the intention of the municipality that if any

provision of this ordinance be declared invalid, all other provisions thereof shall remain valid and enforceable.

9. **Effective date.** This ordinance shall be in full force and effect 10 days from its passage, approval and publication.

COMMENTS ON THE NEW ARTICLES

Article 4. "To see if the town will vote to have Selectmen, Assessors, and overseers of the poor to serve three (3) year terms, one to be elected each ensuing year. (Recommendation one (1) for three years; one (1) for two years and one (1) for one year."

In the majority of Towns, Selectmen are elected to three year terms. This way there are always two experienced officers in office.

Article 9. "To see if the town will vote to put the tax collector on salary and fix his or her salary. (Recommendation: \$2,500.00 plus 25c on each excise tax plus legal fees and expenses)"

This could be a saving to all taxpayers.

Article 13. "To see if the town will vote to pay the chief constable for his services for the ensuing year and fix his pay per hour and expenses. (Recommendation: from Officers Salary and \$2.00 per hour plus \$100.00 for expenses)"

Even though we are a small town, this is a thing to come.

Article 14. "To see if the town will authorize the Selectmen this year and in ensuing years to appoint constables for Town of Greenwood."

The Chief Constable should be backed up by able bodied men.

Article 16. "To see if the town will vote to accept the provisions of MRS, T-so, S-2067, requiring candidates for the following offices: clerk, selectmen, assessors, overseer of the poor, treasurer, road commissioner and school director to be nominated for office by nomination papers or certificate of political caucus."

Information on Article 16, Public Laws, Chapter 135, passed by the recent session of the Legislature, permits towns to require that candidates for designated municipal offices take out nomination papers or be nominated by political caucus. Under the new procedure, however, the town is not required to use the Australian ballot. Instead, the election is performed by paper ballot in the same manner in which most smaller towns presently elect their municipal officials. Write-in candidates are permitted but no nominations can be made from the floor. The essential purposes of the alternative procedure is two fold. (1) to permit small towns to avoid the costs of ballot printing, etc., and (2) to enable the citizens in each community to know who is running for office prior to town meeting. Hopefully, the latter will encourage the voter to learn more about the candidates for office and their respective positions on town affairs.

Article 37. "To see what action the town will take in regard to purchase of a snowplow and attachments. (Recommendation: \$2,300.00 to be appropriated and authorize the Selectmen to take the balance out of the Equipment Account . . . not to overdraw the account)"

The snowplow for the Town truck is approximately 14

years old and is in need to be replaced and the present one be kept as a spare.

Article 39. "To see what sum of money the town will grant and raise to support the Donated Commodities Program, said sum to be used to provide needy families in the town with donated foods. (Recommendation: \$600.)"

There are approximately 90 to 100 people on this program. It helps keep the Town Poor Account down.

Article 50. "To see if the town will vote to raise and appropriate the remaining portion of money necessary for roofing the Town Hall. (Recommendation: \$900.00)"

We have a bid of under \$1,800.00 to roof the Town Hall. Several more contractors should be contacted before it is done.

Article 52. "To see if the town will vote to accept the old ballfield from American Homes, if available."

From a suggestion from Lee Mills, we have approached John Tebbets on purchasing the so-called Old Ballfield from American Homes for the purpose of a Town Cemetery. The old one is almost filled to capacity. Mr. Tebbets has sent a recommendation to the head office to sell it to the Town for \$1.00.

Article 54. "To see if the town will vote to allow a discount on taxes paid before a certain date, and establish rate and date of interest beginning this year to be continued in ensuing years. (Recommendation: 2% discount on taxes paid within thirty days from date of commitment.)"

This year the Town of Newry, who has this article in their town warrant, collected over half their taxes within thirty days. As we have a school payment in the months of March, June, September, and December, this could be a saving to the town.

Article 55. "To see if the town will vote to charge interest on taxes not paid before a certain date and establish rate and date of interest beginning this year to be continued in ensuing years. (Recommendation: 8% interest on all taxes paid after December 15th, with interest retroactive to December first.)"

Due to uncollected taxes, we were not able to pay off our loan to the bank requiring us to borrow an additional

\$4,500.00 to pay our \$80,000.00 note due December 31. We have out over \$14,000.00 uncollected taxes. This would amount to two-thirds of 1 per cent interest a month on all uncollected taxes not paid by December 15.

Article 60. "To see if the town will authorize the selectmen to sell town acquired property with the proceeds to be used to start a fund for a Town Garage for town owned equipment."

In the future, we should have a town garage for all town owned equipment. The least expensive way to raise money toward this purpose should be this way.

Article 68. "To see if the town will vote to authorize the Board of Selectmen to enter into a contract in the name of the town for the purpose of contracting for aerial photography and property maps for the Town of Greenwood."

We do not have an accurate map of property owners in the Town of Greenwood. This year, we found three pieces of land which in previous years were untaxed. How many other pieces of land untaxed do we have? We have no way to find out. Once we receive the maps, it will be easy to keep them up to date. This firm will do this within two years, starting this Spring and we will have three years to pay. This will be a payment of \$4,000.00 a year. It is better to spend our school fund for something of value for the town which will benefit the taxpayers for years to come, than to spend it one year to keep the taxes down and have nothing of value for your money spent. If the school fund of over \$14,000.00 had been used this year, it would have kept the tax rate down from .88 to .81. This would have saved you \$7.00 on every \$2,000.00 valuation, as we are on 50% valuation, or \$3.50 on \$1,000.00 actual valuation.

REPORT TO TAXPAYERS OF GREENWOOD

The year 1970 has been a fairly normal year. Some things left undone in 1969 have been nearly completed and most roads that were in need of repairs have been repaired to the passable stage.

Due to a small amount of surplus (\$6,601.00) and a large increase due to school appropriations (\$24,799.00) and increase in Town expenses (\$18,345.00), we were required to borrow \$80,000.00 to meet the expenses of the Town.

Even though we ended the year with a substantial amount of surplus, we should this year, raise most of our obligations from taxes. Until our surplus is built up to meet most of our obligations, we shall have to continue this course for many years to come.

We have hired Earl Smith to keep the dump cleaned up. He has done an excellent job and we have had many compliments on its care. We have also hired Robert Silver as a full time employee of the Town of Greenwood. We feel it is better to hire one full-time employee than a number of part-time employees.

We did much work on adjusting the property valuations of resident home owners, and contact was made with all resident home owners. In the coming year we hope to adjust all camps and cottages of non-residents. Our intentions are that as time permits, all woodlands and farming acres will be gone over and adjusted. We have purchased valuation cards, on which much useful information will be recorded.

Due to the fact that no tar was available, there was no tarring done this year. The amount spent in the tar account in 1970 was used for patching roads. Therefore, it is necessary to raise approximately the normal amount for tarring plus enough to cover new work which has never been tarred.

The State has raised the valuation of the Town of Greenwood from \$1,800,000.00 to \$2,350,000.00. Because of this, we will receive an automatic raise of \$7,000.00 more on our school, if the budget remains the same as

last year. The State, from the sale of property in our Town, takes the difference between the Town value and the sale price and uses this as a guide to the valuation of the Town. This leaves us the alternative of either raising the value of property and land up to where it is selling for, or take this hike every two years in our school budget.

TOWN MEETING ELM

There stands Town Meeting Elm
Near Sanborn's flowing stream;
A lingering witness of the days
Our eyes have never seen.
This tree whose leafy coolness
Brought shelter from the sun,
Is where friends and neighbors
Once gathered one by one.
Gathered for a meeting,
Strange as it may sound
To discuss the "laws and doings"
Of their new formed town.
They followed the road over Patch Mountain
With sunshine in their eyes;
Stopped and rested by the river
Beneath those azure skies.
Looked up to Elm's vase like beauty
Against mountains, Overset, Joe, and Long;
Breathed the pure fragrant air
And listened to the zephyr's song.
Here was joy of achievement
As they united beneath its crown,
These pioneers with bounds of loyalty
Planning for their town.
It still keeps a vigil, ages old.
More than a century it has stood
Near Sanborn River--on first County Road--
Greenwood.
